pay any charges that I have authorized my child to make in the St. James cafeteria. If I wish to change my choices on this form it is my responsibility to contact the school for a new form and turn it in. I also understand that these charges should be paid in a timely manner. If a family's lunch account accrues a balance of \$100.00 the children will not be allowed to charge any snacks until the balance is paid in full. The term snacks applies to any item purchased a la carte including but not limited to ice cream, water bottles, muffins, and chips that are not being purchased as part of a complete breakfast or lunch meal. If this form is not returned to the school completely filled out it will be assumed that the child does **NOT** have permission to charge snacks in the school cafeteria.
