

Principal's Welcome Message

Welcome to the St. James Parochial School Website. St. James School is recognized as one of the most outstanding communities for education in the Diocese of Norwich. St. James School students are successful lifelong learners who have the benefit of the latest academic books, technology, curriculum and a Christian based education. Students have challenging educational experiences that include foreign language, technology, music and art. Students have access to computers in our school lab and computer carts containing 200 Lenova laptops that can be used in any classroom. The school's dedicated and talented faculty is committed to working cooperatively with parents to meet the academic, social, and emotional needs of all its children. All members of the St. James School community have embraced an environment that will develop your child in knowledge, character, faith, and community service.

Each September our entire school community acknowledges our commitment to creating a positive and safe learning climate by reciting our Mission Statement at the beginning of each school day. St. James School fosters the commitment to three ideals which are Respect, Responsibility and Rules that we can all follow daily. All members of the school community establish positive behavioral expectations and model them for the students.

St. James School works to realize the mission of the school which is to encourage our students to become life-long learners to serve God and others. Students experience a curriculum that is designed to meet each student to their full potential and appropriately prepares them for their future success. Our students regularly achieve at high levels as evidence by performance in testing scores.

On behalf of our entire learning community, I hope you find the information contained on this site accessible and useful. We appreciate your thoughts and suggestions. I am fortunate to be a leader in an established community where students come ready to learn, teachers come to teach, and our community supports our ongoing efforts to be the best that we can be. It is a source of pride to be the principal of St. James School, and I look forward to working with all members of our school community and continuing to lead efforts to achieve greatness.

Blessings,

Linda Marie Joyal-Principal
